Q1

Life does not follow a straight path. In childhood we were reckless and every ~~moment~~ moment seemed to be full of joy and fun. But the moment we entered adulthood, the burden of reality made us realise our responsibilities. The dreams dreamt in past are at times reality and sometimes seem to be a distant star. Moreover, people who learn from their past mistakes make a stable foundation for their future. Thus, relinquish present as whatever we have today can change our fate. Remember time does not wait for anyone. Those who care about time, then it opens the doors of prosperity for them.
