Q no- 05

Composition

Q no:- 01

The environmental impact of renewable energy production compared to traditional fossil fuels are imminent. To harness the renewable energy requires significant impact on the environment. For instance, solar panels require rare earth metals (REE) Cadmium which extracted through environmental degradation practice. Likewise, wind turbine demand large quantities of steel concrete and rare earth metals. Hence, manufacturing renewable energy leave significant foot print on the environment.

Q no:- 02

Electrical vehicles are environmental friendly till they do not damage the environment. Electrical vehicles have the potential of curbing fossil fuels by minimizing

the usage of it. However, the electrical vehicles (EV) are environmental friendly until they do not further pollute or degrade the environment.

Q no- 03

Renewable energy is termed as the finite source of energy - usually having a lifecycle of 20 to 30 years. The real challenge lies in their disposal after their exhaustion. Despite, it's awareness no policies are defined appropriately and now it is easy to do so. The recycling of solar panels requires extensive infrastructure. Otherwise, the accumulated waste discarded from the renewable source pollute the environment in a dangerous way possible.

Q no- 04

The article suggests that- the renewable energy are not entirely free from pollution in its operational phase due to its process of harvesting. The renewable energy including solar panels

panels and wind turbines requires vast amount of rare earth metals like cerium, lithium and cobalt, which has a significant environment threat. Hence, renewable energy in their first phase of harnessing and utilizing poses a threat to the biodiversity and economic degradation.

Qno:- 05

The article suggest to diversify the energy mix instead of fully relied on either of them (renewable-non-renewable). The article suggests the balance approach needed to counter the environmental impact and slowly moving to the renewable ones. It is a complex solution that requires consideration and realistic approach towards it.

Qno:- 04

1) I will be completing this project by this time tomorrow.

I will complete this project by this time tomorrow.

2) If I know the answers, I would pass the examination.

If I knew the answers, I would have passed the examination.

3) They cheated me, I wish I knew them.

They cheated me, I wish I knew them.

4) All kinds of Stationaries is sold here.

All kinds of stationaries are sold here.

5) The mother was herself searching in her young daughter.

The mother was searching ^{for} herself in her younger daughter.

Q no - 05

(B)

- 1) She came into the wealth on her father's death.
- 2) Every candidate tries to pull in each voter.
- 3) The poor live with honest wages.
- 4) You have no right to jeer at the beggar.
- 5) He is leaning against the wall as he is not feeling well.

Q no:- 06

(A)

(9) black and blue (badly injured)

Shaina was black and blue after falling from the stairs.

2) Carry loaf to new castle (having something that is already plenty)

Mary was thinking to give Liam a new dress, but it would like carrying loaf to new castle since she already have some.

3) Bad hair day (phrase often use when hair is not styled or washed properly)

Most girls prefer tying a sleek ponytail, when they have a bad hair day.

4) Keep finger crossed (Hoping for something fortunate)

Lainab asked her brother to keep the finger crossed as government is likely to announce the extension in vacation.

5) Silver-Surfer (an old man using the internet) Silver Surfer is the new wave for connectivity.

(B)

1) Plaintiff, plaintive

Plaintiff (prosecutor)

The plaintiff appeal the judge for the new date of hearing.

Plaintive (mournful)

The tragedy of Karkala is mournful.

2) Monitor, Mentor

Monitor (a device used for checking, on an individual)

CCTV cameras are to monitor the any crime in super-market.

Mentor (a person who supervise or guide)

Shabnam Saiwan is ~~the~~ an exceptional mentor coach of life.

3) Complacent, Complaisant

Complacent (Self-Satisfied)

People who never sail back Complacent and

Seeks to know the truth over the real
news.

Complaisant (willing)

Khalid is complaisant to take risk in
business.

4) Valet, Varlet

Valet (Service of car parking given offered
by restaurants and malls)

Chase-up given offered valet parking.

Varlet (Dishonest, Unprincipled man)
No one likes the varlet people.

5) Beneficent, Beneficial

Beneficent (Kind) Hazrat Muhammad
(P.B.U.H) is the most beneficent towards
orphans.

Beneficial (Useful)

Education is beneficial to all.

Qno:-07

There are some students who are preparing for the competitive examination think that only by staring at books or placing the notes under the pillow at night would make them a topper.

There are the same student who prepare just before the day of examination and even seek arbitration in their prayers.

The stark reality is that neither there is a shortcut to it, nor anyone has a magic wand. So, whenever you are holding a cup of tea deciding of studying or not just remember, success never comes at ease, it requires untiring efforts to achieve it.
