

Sportsmanship: Essential trait of athletes

Sportsmanship is a consistent personal trait that influences how individuals are expected to behave in sports-like situations. Generally, it consists on four characteristics such as fairness, self-control, equity and the will to win and how an athlete embraces these characteristics while interacting with others. and it is imperative to maintain balance amongst all. However, these traits can also leads to chaos, if a person's desire to win make him ignoring others. Consequently, it will leads cause problems as person considers himself a good sportsman while ignoring the very concept of sportsmanship. Today's game culture prioritizes the concept of winning.

and competition. A competitor who shows poor sportsmanship after losing a game is known as a sore loser while a bad winner is the one who exhibits bad sportsmanship after winning.

A bad sportman is the one who does not respect the other team by demoralizing them.

Question no 02:

Q1: How does sensationalism in media contribute to public confusion about facts?

Social media provides the platform where rumours, misinformation and unverified claims ^{can} foster.

Consequently, it contributes to public confusion ~~by~~ as people are unable to identify and distinguish between the credible news and falsehoods.
