Question No: 01

Life does not
on the right path always. In
childhood, when we had no worry,
every moment spent in happiness
and playing. But just stepping in
the adulthood, we realized our
responsibilities due to the burden
of reality. ~~Past~~ Dream that we
had in past now sometimes come
true and sometimes like far stars.
People who take lessons from
their past mistakes, they lay down
strong base for future. Value the
present because the moment we
have now can only change our
destiny. Remember that time does not
wait for anybody but the one
who value it, time opens the
door of success for him/hers.
