## Precis

### Title: POLITICIANS ACTING SKILLS

The author says politicians use integrity to shield themselves, when they are confronted with questions they complex, evasive phrases to sound like an intellectual and avoid questions. Therefore people do not ask them. The promises which they make are forgotten after elections results; they do not deliver anything. They have wonderful acting skills, which is evident how they manage to cry in public. They also know how to gain attention, by using every opportunity they get. They also have a talent to preserve themselves, like a chameleon, they change their ideologies, as per need of time. Therefore politicians have mastered art of acting, rather than serving populace. (106 words).

## Comprehension

(1) The notion that renewable energy production saves the planet and eradicates pollution, is an oversimplified solution. The production of renewable energy ~~stem~~ systems is a resource intensive process that leaves a sizable environmental footprint. They generate significant greenhouse gas. Therefore compared to fossil fuel, they are imperfect.

(2) E.v vehicles are lauded for environmentally friendly image, but production results in significant pollution. They require raw material whose extraction requires environment to be polluted. Furthermore e.v life ends quickly and its batteries need electricity to charge. which require fossil fuel. Therefore e.v do not reduce pollution.

(3) The problems associated with disposal of renewable energy is that recycling them is not straightforward. This results in toxic waste. This is a problem associated with disposal renewable energy.

## Translation

While preparing for competitive exams, there are students who believe that by focusing on cover of books or keeping it under pillow, they will become topper overnight. These type of people after preparing in day, also pray for success. It is a fact that no one has magic nor does anyone have shortcut for success. If you want extra-ordinary results he needs to make extra-ordinary efforts. So next time if you are in doubt whether "I should study or not", remember success comes through hard work and dedication, not through jokes.
