

Mock Exam

Precise and Composition.

QUESTION # 01

Topic:-

Politicians: the manifesto of lies

Precise:-

The politicians are epitome of fake integrity. They have asymmetrical lust for power. Their tactics represent the mastery of linguistic acrobatics. Whenever they are accounted, they make lame excuses. They also have art to ignore promises easily. That promises are like autumn leaves swept away by the blow of ignorance.

Furthermore, their rehearsal lies are predicted as truth and audience always contented with such indignation.

Like the pen is powerful than the sword but the hands of politician are more powerful with picture of tamed manifesto. They are also self-preserved and change their ideology. They are corrupt morally and selfish by nature.

QUESTION # 02

Comprehension

ANS # 02

The environmental impact of renewable energy is less than traditional fossil fuels because carbon emission, GHG emission and toxic elements are greatly emitted by burning of fossil fuels not by renewable energy.

ANS # 02

To some extent, the electric vehicles are environmental friendly due to its use of green energy rather than fossil fuels. Moreover, the production of electric vehicles also responsible for contamination of environment.

ANS # 03

The disposal of renewable energy systems like batteries presents more challenges because improper recycling leads to toxic waste accumulation. This accumulation disturbs the soil, water and other elements.

ANS # 04

In operational phase, the over reliance of batteries made up of lithium

and cobalt resulted into environmental degradation and human rights abuses. The destruction of habitat, land and resources are end result of green energy.
