### Translation:

Some students who are appearing  
for Competitive exams having  
a non serious attitude towards  
their goals. With this behaviour  
they think that having a  
glance at the book or putting  
the relevant notes under their  
pillow will fix and set  
everything for them and they  
will become a topper of  
the exam. But, there is nothing  
like a "magic wand" neither "a  
short cut" to accomplish this thought  
process. Struggle is the only way  
the desired destination. So when  
the next time you will grab  
your cup of tea by "thinking that  
"you should study or not" so  
make sure that success does not come  
to you, you go to it.
