The US Federal system of Government
The lis reduced sustemed Government
The US Federal System of Government is the first systematic written
constitution of the world written
in 1787 and implemented in 1789.
This system has its own strengths
and weaknesses. The VS. follows
Federalism which has a protound
effect on the Us political system.
Following are some of the spengths
and weaknesses of the Federal
System of US.
Shengths of US Federal System
1+ Provoution al Turannu
1 + Prevention of Tyranny
As the montesquiece proposes, the
of the government with its checks
and balances prevents Tyranny
by division of power under the
tricotomy of government functions

DATE : ____ /___ /__ Critical Analysis & Londusion AU. The efforts of Sirsyed for Muslim educational as well as political and religious wer aimed at not only making musums spirtually swong but on political grounds as well. The political philosophy of cooperation, although, had some serious linuitations but it broad aim was to revive the lost identity through minor steps. He did ut directly advocated to adopt westren ways of life but rather he called for using the wesness education as a ladder to rise up to the lost glory, and on the way muslims should also tous on their religious development as well as so they could preserve their unique muslim identity.
