05/20

The Art of Politics:

Politicians are skilled at using complex language to evade questions and make empty promises.

The verbal command of politicians is fascinating. Full of inbiques and vague comm-
 -ments, this linguistic art is apparent during accountability, which perplexes the inquisitor himself. The art of making unreal covenants and then evading them is also commendable. The emotional art of crocodile tears, leveraging soft image via photography and changing statements every now and then

Q#7: Translation:- 05/10

In competitive exams there are students who think they can achieve success through short-cuts, and without the needed hardwork. They are the people who expect Divine help even though they have prepared for only two days. In reality, there is neither a magic wand, nor a short-cut that can guarantee success. For exceptional results, one should prepare exceptionally. So the next time, while chilling with a cup of tea and wondering whether to study or not, remember success doesn't come from non-seriousness, but hardwork.
(non-serious attitude)

success doesn't come from shortcuts, it comes from rolling up your sleeves and putting in the hard yards!
