Strong accountability system: map for the people to directly occarun table the rules. The US accountability system is more excerve than eng other where President has been public meeting and speeches regarding any decision which is against the night of people-The weakness of US Federal System: The demboracy thrive where the right of cusociation completely given and supporting by the government. The US How only two party system, soaning the political polarization between Republicans and Democratics People suffer two stances hany no any other option to accept. The system of enecks and balances for preventing concentration of power: 1- US President veto power: The American president is the most powerful penson in the political setupof the country. It has special velo power to check on the decisions of senate and consinct. The president can contral multiple authorities through veto like, President Franklin D. Roosevelf use veto power more than 635 times during (1933-1945). 2- Senate power against President Veto: The two-third majority power can dismiss the veto power of Us president, due to unlike decision St create a balace between powerful entities in Political system and prevant from the concentration of power.

elections. Congress openly offended on them and discunify the musling brothenhood by spreading take inform alion. 2- No right for muslim leaders: Abler making government in majority provinces by congress party with coailation of independent muslim Leaders, no they confined thais their shawe of economia and create truble in property. Therefore, Mayling feels very hard time and some of the leading left congress due to no any privilage given by the government 3- Vande Matarm-imposition The government of congress impose the policy to stong vande-Majarm the offensive words for the faith of a muslim, and create punishment mechanism forthose who didnot sing these words.

Conclusion:

The elections of 1937 clearly demonstrated the weakness of muslim political parties, and highly demalish the political struggle of All india muslim leaders. Moreore, as lew making government immajority provinces. The affikide of congress change at one eighty degree they exeate touble indaily life against muslims, and impose many restrictions to suppress separate home land ideology and xule over muslim timeleng.
