	Goreenance. Due to beauxeaucratic hungals
	and losses led to the comption and unaccountabile.
	Provatituation of 50 0's and eneourage
	Comparate Sector acould itself initiale a
	thorough and transparent process that world
	Streamlined the process and benefit the two.
	How State Owned Enterprises can
	l'ée privatifies:
	The State owned interprises
	Can be privatived thinough planing, awesmit,
	evaporation, public engagement and in many
	more ways. Some of the ways are discussed
	hereemofer.
	Strategie paining and fisessment:
	Privatiting the
	State owned enterprises reguines a few sleps.

Date: Day:	
	7
	One of them is thorough Investigation of
	the enterprise by evapuating market's
	posision, allignment and conqueting
	ansessment about enterprises position on
	enterprise has the higher potential for
	buyens. This enamination is yourney
	the Smooth process of privating sot's
(4.2)	Transparent processes:-
1	The other way in
	landucting a Successful privatization, the
	asset. Ensure acurale and independent
	evaporation of ausel to avoid correption.
	Secondly, Joen brokding for Competitine
	gield great out comes.
(4.3)	Public engagement :
	18 One of the Creedal process In privatoraling
	SOE's. The gone herd maist confertable.
#1	Union to adopreus the concern. Highing ut
	the losses and the how it affect the

	y:
-	Posial-walland bound 1/21 + 1 + 1/2
1	Social weef are processes, Hightighting the
-	beneficht of privation as it will reque
	the states burgen and enhance Socio-
	welfare projects. The other could be compen-
	ating the employees and consumers by facilitate
	Them and it will ensure the process
	Scuenfuly.
	Sector-Sector approach:
	Sector : specifie
	approach terms as designing stifferent
	models for each enterprises of value its
	potential and approach. The One Siac Lit
	all policy will only menebale the problem
	by avoiding apparparate supproach. For
	enample in setters with natural manopolies -
	(du Gas) will Enale a strong regulationy
	frameworle to ensure pricing and service
	Quality. On the other hand, to address debt
	partneshin is the our my the night slinestion.
	partneship is the step in the right direction.
)	Conclusion !-
	Podeistan has been a peary
	economic fuerroil and wie farenest bearon is
-	we heavy losses in the State purped enterprise
	(500). The Sot's of Paleis fan have occurredated

debt that havens the economy of a courtage 10 appeners the concer privationation is the right Choice in lightening the burgen plus attract investment, immoration techology. Privatizing enterprises world increase efficiences, transpareny and increase prefit. Hang with it, it well prosper the keonomy by enoring it sowards Stability and eventually growth. Privatete ation with Including Stakehold ers well rebuild the trust in the state and Socio-economice Corperations Solution lies in privationing up los tities through jarger and deserment world openerate great outcomes.
