1.5. the influence of political parties. This will reduce corruption and megnality 4) Increasing stakeholder's participation in policy-making will ensure equality in society by consultation Consultative governance increases portripation of stakeholders in policy making which will provide opportunities to oiverse groups of society to address their conceans. This Can address inequality in the society. 57 Institutions exercising justice will improve governance by gaining stakeholders' trust Institutions which ensure just practices enhance the governance by increasing truet of stakeholders in public institution. Thus, the weak institution of capacity can be vinviproved with a planting of Accessibility to the government representatives 6) by devolution of power will reduce corruption

-: 5.5 Decendralizing power will increase accessibility of citizens to their chosen representatives. They will be held accountable by the public which will reduce corruption in the Palkistan's governance france work. No In HUNKED C- EXAMPLES OF ISLAMIC GOVERNANCE MODEL 1) Consultation through the council of mosque The pious caliphate conducted the public affairs with consultation. Although, they had the authority to expraise power but they used to concult afficers in gathening like after proyers in mosque. "And consult them in the conduct of affairs." (H-quran) Accountability of caliple and government officials. They ensured a proper mechanism of accountability to citizens and oddressed

the concerns of public. Example of Hazrat Moubakar R.A: When he was appointed as a caliph, his first address to public was, "I have been appointed above you though I am not the best among you If I do well, then help me and IF I make a mistake, then correct me" Another example from his governance was when he encured accountability of his governer by addressing concerns of public and remisred the governer from office. e) Establishment of Baitul Mal Bait w Mal was established to help the poor, needy and orphans to enadicate poverly from the society and address inequality Multiple departments for smooth administration with the ensure of effice, and Drubudsman work of ensure of the administration of		5,r

Contraction of the second	ffective service delivery and providing	

____:EA them incentives to improve efficiency of they work. B- ROLE OF BUREAUCRACY IN IMPROVING GOVERNANCE INDICATORS 1 Reducing administrative corruption to increase governance effectiveness Bureaucracy can reduce administrate comption due to the misuse of power. They can serve for public interest instead of milling office to fulfil self-interest. This will improve the effectiveness of povernance. 2) Management of resources for efficient senice delivery The bureacracy holds the power to utilize the state's resources. It can significantly improve governance by efficiently utilizing the resources to improve service delivery that would benefit public and improve governance indicata.

-: 5.5 3) Checks and Balances on regulatory authorities to improve regulatory quality The role of bureaucracy in imposing regulatory authority case be is by increasing checks and balances on the regulatory anthonity to evaluate their performance. 4 Reducing above of power to ensure Rule of law The authority should not be used to benefit thenwelves, instead they can ensure equality of law by preffering public interest over their own interest. Negative role? C. EFFECTIVE BUREAUCRATIC REFORMS TO ACHIEVE SUSTAINABLE ECONOMIC REFORMS Efficient management of resources with by bureacratic retorms will help achieve economic reform The mismanagement of resources is a major challange for governance structure. Effective bureaucratic retorms will improve
