Historia	al evolution of Religion
derived	Nationalism in India
Introdu	
	According to two
Nation P	theory, Muslims and Hindu
	o different nations having
	cultive, art, architective,
	values, beliefs and religious
	But religion played an
	nt role in making the
	stinct nation. It becomes the
	nationalism in India. This
is due	to many historical events.
Due to lo	ong Mughal period, Islam
got fle	ourished and led to Muslim
nationalis	m. However, after the downfall
of Mugl	hal Empire, many revolvalist
movement	ts started. These movements
included	efforts of Sielch Almed
Sirhindi,	Statiwali Ullat Darol-Alcon
Deoband	1. Similarly many events
like Hir	ndu't actrocities towards
Muslims 1	ed to Religion derived
nationali	ism in India,

	Date:
	Reasons for Reliegion derived
	nationalism in India.
1.	Impact of Mughal period
	Mughal empire lasted
	for more than three centuries.
	During that time periodalslam
	flourished and reached to every
	Corner of India. However, Hindus and Muslims kept their identies
	and Muslims keppt their identies
	distinct
	and the total state of the stat

4.	Role of Khilafeet Movement
	Role of Khilafat Movement in dessiminating religion based
	nationalism
	Khilafat movements objective
	was to save ottoman empire
	from distintegration. Since this

	Date:
	was a Muslim Empire and
	Muslims of India organized
	themselves for its cause. Due to
	which Muslim learn a lot
	of Jerson from this movement
	and this led to religious
	nationalism.
5-	Significance of Two-Nation theory
	Two nation theory became
	the basis for separate Musline
	like Sir Sxed Ahmed Khan
	Allama Igbal and Pucid-e-Azan
	played their vole in this
	regard.
	Quaid-e-Azam said in a address
	to students of Punjab University, "Muslims are a separate nation
	Mosting are a separate nation
	and nation requires a land because
	hat laborate this part and link each, therefore
	sevent with the outcomed be provided
	to Muslim so that they can
	live peacefully with their Neighbours".

	Pakistan's GDP and is vital
	for economy of the country.
	Semi-industrial Pakistan having
	dependence on Agriculture and
	effect on it due to Agricultural
	problemy
	The state of the s
1)	Agriculture employer more than
	half of work force
	Agriculture sector employes more
	than half of work force in
4	country. This ratio is different
	for urban and Ruval Areas. The
	Ruval area consists of 60%
	of people are associated with Agricultive. So if a problem occurs
	in this sector, this can lead
	to loss of employment. (Pakistan
	Barcas of statistics, 2024).
2)	Problems in Agriculture sectors
	leads to loss of semittances/foreign exclaves
	Palcistan exports many crops
	including rice, cotton and wheat

	Date:	
	which is important source of	
	earning foreing exchange. So	
	problems likes less crop yield	
	and less agriculture output com	
	produce problems for country in	
	terms of foreign exchange earning.	
3.	Important source of raw materials	
	for industrial sector	
	Industrial sector depends on	
	the raw materials provided	
	by agricultural sector. Since,	1
	Pakistan a is a semi-industrial	-
	country, it either export raw	
	materials or produce intermediate	
	products to add values.	
	For examples, Sugar mills depends	
	on the production of sugar cane.	
4.	Bonting sector dependence on agriculture	
	People in Banks or other	
	institution depends directly or	
	indirectly on agriculture. Farmers	
	and producers deposite their	

	Date:
	money in banks and do transactions.
	So problem in agriculture sector
	will offect " the farmer which
	will in the affect the banking
	Sector.
	Pales bed introduced the second
5.	Old farming techniques has resulted
	in less yield and low outcomes
	In Pakistan, the gricultural
	techniques are old. As a result
	crops yield is low and Pakistan
	is unable to compete in international
	markets. Its regional neighbours
	markets. Its regional neighbours  India and Bangladesh are producing
	high yield coops and Pakistan
	is unable to compete with
	them.
6.	Provides basic need of population.
	Agricultur sector is a source
	of food for people in Pakitan.
	Major crops like wheat, rice,
	sugar cane, cotton et are grown
	which provide book needs of

	Climate Change: A threat
	Climate Change: A threat to economic security of Pakistan
	and its solution
	The last of the second
1.	Introduction
	In the current century,
	climate change has become
	a major threat for environment.
	It has not only bad consequences
	for environment but also for
	enomic security for the country. A
	country like possistan where
	population planning and propur mitigation strategies are poor,
	mitigation strategies are poor,
	climate change is another
	threat for economic security of
	the country. Climate related
	disaster have resulted in loss
	of infrastructure and displacement
	of people. Therefore, climate redifience
	in the need of the hour to
	Save paristan's economy and
	Save country from its devastation.

2.	Day:  Climate change: A threat  for economic security of
	for economic security of
	Pakistan
	winds is not bearing to seek and
ì)	Climate-related disasters have
	resulted in loss of infrastructure and cro
	According to economic
	Survey of Pakistan, 2023, Pakistan
	lost \$30bn worth of
43.0	infrastructure in the floors
	of 2022. This was at huge blow to economy of Pakistan
	blow to economy of Pakistan
(ii)	Climate - related disasters resulted
	in displacement of people
	Due to 2022 floods, 33 million
	people got displaced (Pakistan
	Bareau of statistics, 2023). This
	resulted in many social
	problems.
	Determine Subject was in the same in the same in
iii)	IMF's condition to Pledge
	money or climate resilience

	Date:
	is not good and national
	exchequer is on the verge of
	collapse. In the mean time, IMF
	has conditioned loan for pledging
	budget allocation in building
1979 D. T.	climate resilience of the country
	climate resilience of the country which has firther weakened
	the economy.
iv)	Melting of glaciers and Pak improper prepara
	Due to climate change,
	global temprature is increasing.
	As a result, glaver are melting
	which can cause floods in future.
	However, due to econow financial
	constraints, Pakistan is not ready
	to metigate there disasters which
	to metigate there aisasters which can affect economy of Pakistan.
V)	Climate Change can affect Gounty's GDP
	Pakistan is a
	agricultural sountry and climate

Date:		
The	low or high rainfall	
Can	low or high rainfall devastate crops which	
	source of Subsistence	
and	exports.	
"Agricu	Mre contribute 23-24% in	
comb	rys GDP".	
Sos	low yelld will result in	
low	contribution to GDP.	
VI) Climate	change threat to country's Exports	
	Climate change also	
	offect the exports of	
	y. Since most of Pakistani	
expo	rts include agricultural	
	ct. to due to climate offect

1.11		
WayF	orward: How to solve	
Climate	change problems and	
Yeduci	change problems and ing its effects on Pakistan's	
econo	omy	
C	I imate change is not only	
la th	reat to environment but	

	Dato: Day:_	
	also to economic security of	
	the country. However, its effect	
	can be reduced by population	
	planning and proper mitigation	
	Strategies and taking steps	
	to build climate resilience.	
	AND THE WAY TO DO BE THE PARTY OF THE PARTY	
(1	Population planning should be done	
	In Palaistan, Population	
	growth rate is more than 2%	
	which is more than the average	
	growth rate in India, China	
	and Bangladesh. Palastan should	
	introduce population planning policies	
	to convol its growth. China	
	is following 1-child policy While Bangladesh growth rate is	
	While Bangladesh growth rate is	
	1%	
	The state of the s	
ii)	Formation of population Zones of	Aveas
Miligo	thion: Similarly Pakistan should	
	make zones of area and	
	Olivide it into Areas Red, A rea	
	Yellow and Area Green. In	

Avea red OV Zone red, no construction should be allowed. Similarly, yellow Zone limited contruction should be allowed. While in green zone all type of construction should be allowed. This is one of the metigation technique for climate related disasters.  iii) Pakistan Can metigate climate solated disaster by increasing communication.  Recently, Pakistan hop launched home made satellite EO-1. Along with other functions, this satellite
should be allowed. Similarly, yellow  Zone limited contruction should  be allowed. While in green zone  all type of construction should  be allowed. This is one of the  metigation technique for climate - related  disasters.  iii) Pakistan Can minigate climate related  disaster by increasing communication.  Recently, Pakistan has launched  home made Satellite EO-1. Along
Zone limited contruction should  be allowed. While in green zone  all type of construction should  be allowed.
