DATE:\_\_/\_ vestion Title Optics over Performance -09/20 Politicians Polificians\_ are Overall id Title is ok Grammar General Instructions Understand the original text(thoroughly before attempting to write a precise Determine the central theme or message of the text. \* Avoid copying sentences directly from the original text. Express the ideas in your own words.

\* A precis should be much shorter than the original text. Aim for about one-third the length.

\* Use clear and simple language (avoid) a jarge) (a) complex sentence structures.

\* Use short, straightforward sentences to convey information effectively. Prefer active voice over passive voice to make your writing more concise and engaging. Choose words that accurately and succinctly express the ideas \* Avoid unnecessary words or phrases that do not add to the meaning.

\* Present the information without adding your own opinions or interpretati \* Ensure your precis is well-written and error-free. Don't write in 1st and 2nd person Pronouns in Precis

RECIS MOCK UESTHONA A CONTROLL In comprehension answer each question comprehensively The production of renewable energy systems concrete and rare earth metals result in nevation of significant green have gares: friendly 3 Electric repicles (Exi) are not completely environmentally friendly. As their production process invokes respecially for batteries, habitest destruction, soil contamination and much more Morevuer, if the EVs
