Question No.5:- (B)

02/05

ii) with

iii) on

iv) over

v) by

vi) to

A) (Punctuation)

04/05

A boy was gathering berries from a hedge, when his hand was stung by a nettle. Smothering with the pain, he ran to tell his mother and said to her between his sobs, "I only touched it ever so lightly mother." "That is why you got stung

my son," said she, "if you have grasped it firmly, it would not have hurt you in the least."

Question No.7:-

(Translation)

03/10

Some students preparing for competitive exams

Students think that they will become toppers by just looking at covers of the book or keeping notes under the cushion at night who are preparing for competitive examinations.

These are the people, who find nepotism in their prayers also, even after two days of preparation. In fact, there is no magic-bullet or shortcut to success. Extraordinary hard-work is required for extraordinary results. So, next time, when you think, "should study or not",

while holding a cup of tea, keep remembering that hardwork is attained

success doesn't come from shortcuts, it comes from rolling up your sleeves and putting in the hard yards!

Attempt in idiomatic and proverbial manner

Focus on grammar please

Do not attempt word by word

Question No. 3:-

08/20

(1)

Renewable energy systems are not immune to pollution during their operational phase.

The intermittent nature of solar and wind power necessitates backup from fossil fuel plants or reliance on battery storage, the latter of which poses its own environmental challenges.

(2)

Electric vehicles are lauded for their environmental friendly image but their production results in significant pollution.

It causes habitat destruction, soil contamination, and high water usage, in the regions already facing environmental stress.

(3)

Recycling renewable energy systems often resulting in accumulation of toxic waste.

With a robust infrastructure for managing this influx of discarded materials, the green promise of renewable energy begins to tarnish.

(4)

Renewable energy systems are not immune to pollution during their operational phase. The intermittent nature of solar and wind power backup from fossil fuels or reliance on battery storage, the latter of which it poses its own environmental challenges.

(5)

Renewable energy is not the silver bullet for saving the planet. It is a complex, imperfect solution that requires careful management. Only by acknowledging its limitations can we hope to harness its potential responsibly.

Comprehension

In comprehension answer each question comprehensively

Do not be irrelevant in your answer

Please enhance length of each answer

Read the passage carefully

Overall idea is ok

Title needs improvement.

Work on sentence structure

Question No. 2:-

05/20

The Art of Political Evasion

Title:- Irresponsibility of the Politicians

The politicians have an unparalleled aptitude. ^{Don't do this} (Why are) when they are inquired, they only make false and big statements and promises, but their promises are only rhetoric. It is a very rare talent, which is used by politicians. Before and after elections, they show a very different behaviour. ^{Despite their frequent promises, they rarely follow through, leaving the electorate disappointed.} People entertain due to their multi-faceted behaviours. They are only self-preserving, and behaves like a snake. Their instant changing behaviour is not less than an Olympian. The politics is now less-serving to the population.

Ultimately, politics has become a theater of rhetoric and performance, where the real focus is on maintaining power and crafting an image, rather than serving the people effectively.

Total words = 301

- Here's words: 82
- * Understand the original text thoroughly before attempting to write a precis.
 - * Determine the central theme or message of the text.
 - * Avoid copying sentences directly from the original text. Express the ideas in your own words.
 - * A precis should be much shorter than the original text. Aim for about one-third the length.
