halting economic growth.

"In the midst of every crisis, lies great opportunity." - Albert Einstein

No relevance to the context. Also don't write quotations separately from the paragraph.

Every country prosperity and progress lies on economy. Economy is the root cause of all many others developments and growth of the nation. Similarly, Pakistan progress and prosperity based on economic growth. It is the corner-stone for all other developments. Since, 1947 after independence Pakistan faces many challenges but the core problem is economic challenge which the root cause of all other challenges. Therefore, these challenges can be address and country can achieve sustainable economic growth by taking effective measures such as, political stability, continuity in policies, Fostering agriculture sector and by technological advancement.

Short introduction. Should be 200-250 words. Lacks proper structure.
