Precis:

In every epoch, there is ^{an unseen} corrosion inside with glorified exterior. The modern developments has cultivated a landscape where the grandeur of acquisition eclipses the subtler music of conscience. High rises, fortunes are conjured in markets, and the human scarcely notices the invisible impoverishment. Brilliant tumult knew that the ~~greatest reversed~~ value have been recalibrated to favour the clang of coin. Virtues are bartering their dignity with material advantages. Currently, fairness is replaced with profit, policies for wealthy and affection to gain benefit. The tyrannies born of this inversion are manifold. Ancient values are replaced by an unbridled appetite to possess. Modern era has taught to focus outward and ignore inward. This devalues character in front of wealth. The results of this development is that leaves the spirit famished. Our progress will merely light a theatre where a hollow humanity enacts, unless a recalamation of moral sensibility emerge.
