Work on Sentence Structure

Civilizations always move forward in progress but also resulting in underline corroding of human values. The modern world has people with short tempers, materialistic values, and invention, but parallelly killing their conscience. Humans sleeping on the bed of abundance and modernity, hardly notices the decline accompanied by such modernity. The human values are taken aback and virtue is missing from their nature as a result of this materialistic approach.

Everyone looks for material benefits and is attracted to money. Those who are wealthy, even their wrong is considered right and are always favoured in every walk of life. Once conscience was the driving force of human actions which is now replaced by money and hunger of possession. The new century of advancement has taught man to reach the

Q(1) Answer:

Arab leaders changed their attitude towards Pakistan after the conflict because they were deeply impressed by Pakistan's disciplined conduct and its ability and mastery of digital warfare. They used to treat Pakistan with hesitation, but this conflict and the way Pakistan handled it with strength and resilience, they had no other way but to change their attitude towards Pakistan.

Q(2) Answer:

The unexpected blackout in Delhi paralyzed communication and spread panic in New Delhi. It influenced the psychological state of India as it was unexpected for them as Pakistan's response was beyond defensive measures. Striking military installations resulted in this blackout, spreading panic and horror in New Delhi.

Q(3) Answer:

If Pakistan had not launched digital warfare after the missile retaliation, it would have resulted in escalating the conventional battle which would have increased the casualties and more destruction leading to a full-blown war but Pakistan's surprising strategy of attacking on digital domain was a smart move to contain the conflict while still having upper hand and damaging them psychologically and its effect was great.

Q(4) Answers:

Traditional military force is the gunpowder, tanks, and artillery whereas digital warfare is like an invisible front in digital domain. It is a cyber warfare strategy. Digital warfare proved to be more decisive. It de-escalated the conventional battle after defensive attacks, and the effect of it was huge and decisive. Other nations started to speak against India's aggression and regional powers also supported Pakistan. India was diplomatically cornered and this mastery of digital warfare provided an edge to Pakistan.

Q(5) : Answers:

The events of 10th May, 2025, proved to be a turning point, and showed a clear display of real power in 21st century that is digital warfare. It is considered more damaging as it limits the casualties but its impact is huge as it is more unexpected and have psychological impact also. The recent conflict of India-Pakistan showed that Pakistan's military power was great but its technological power resulted in de-escalating the conflict and other nations also got impressed by Pakistan's mastery.
