

## Mock # 02

Q2 Make a precis of the following passage and suggest a suitable title.

In every epoch, ... its own prosperity.

modern times and moral decay

~~Moral Decline of Humanity  
in 21<sup>st</sup> Century.~~

plz write first statement clear and concise

~~Downfall underlies the progress of every civilization - Modernization veils human conscience because it is fueled by speed, invention and desires. Blinded by success and fortune, human beings barely notice the decline that accompanies their success growth. Reversal of moral values has occurred during this age of roaring success. Society has traded dignity for material advantage. Merits have changed. Laws now before wealth and affection is used for benefit only. This reversal of values has resulted in erosion of trust, downfall of institutions and use of intellect for~~

try to write in your own words please

evil schemes. High moral values are replaced by greed - 21<sup>st</sup> century has taught man to reach new heights but not to evaluate himself. Wealth has become way more important. It nourishes the body and destroys the soul. Only retrieval of moral sense can stop this decline of humanity.

## Qs Punctuation (A)

As the rain poured down over the flooded city, Adeel whispered to his friend, "Did you hear what the mayor said today?" His friend looked puzzled and asked, "What did he say?" Adeel replied, "He said we ignored warnings for years, and now the city is paying the price. Those were his exact words." People around them sighed, and man muttered, "It is strange how leaders only speak the truth when disasters strike."

Committee threw cold water on his propositions thinking of her as young and inexperienced

## Q7 Translation

Margret, an old lady, goes to the Embankment train station in London daily just so that she can listen to the "Mind the Gap" announcement in her husband, Oswald Lawrence's voice. This announcement was recorded in 1970's and after Oswald's death, Margret feels used to feel her husband's nearness - In 2012, when this voice was swapped with electronic recording, Margret contacted "Transport for London". When organization came to know ~~of~~ about her emotions, they reinstated her husband's ~~voice~~ on Embankment station - Now ~~the~~ ~~same~~ announcement is made in same love filled voice there.

Q 03

(i) Arab leaders changed their attitude towards Pakistan after the conflict because they were deeply impressed by Pakistan's mastery of digital warfare, and disciplined conduct of its armed forces. The way Pakistan paralyzed new Delhi by its cyber attacks responded with operation Bonyan-um-Marsoos made Arab leaders believe in Pakistan as formidable power of Muslim world.

(ii) The blackout in Delhi influenced the psychological state of India. is such a way that was horrific for India but played really well in the interests of Pakistan. Sophisticated cyber-warfare technology strategy disabled command systems, satellite networks and air defence radars of enemy which caused great panic in Indian armed forces and general masses. They were scared for their lives. This psychological state

of theirs forced them to go for offensive ~~to~~ defensive mode and then later convinced them for a ceasefire.

(iii) If Pakistan had not launched digital warfare after the missile retaliation, conflict would have turned out in an entirely different matter. It would have forced India to climb up the escalatory ladder and might also have given India an upper hand in the conflict. Conflict would have lasted long, more people would have died on either side of border and assets might have been lost. Most importantly, Pakistan would not have emerged victorious, stronger and powerful from this conflict. It would have been bruised.

(iv) Traditional military force and digital warfare are the demonstration two entirely different eras. Traditional military force is the ~~fat~~ feature of previous India-Pakistan encounters and other major and minor wars of 20<sup>th</sup> century. Traditional military warfare was all about roar of tanks and thunder and artillery. While digital warfare is about sophisticated cyber-attacks that disrupt communication systems, plays with psyche of enemy and renders the whole defence system ineffective without an ounce of ~~gunpowder~~ gunpowder.

(v) Events of 10 May 2025 were definitely a turning point that changed the meaning of power in 21<sup>st</sup> century by making it clear that technological advancement is far more ~~coupled~~ coupled with courage and discipline is far more important to win a war.

then numbers and military might.  
Power does not reside in ~~military~~  
sophisticated military weapons  
but in the fact that how well  
they are integrated with the  
other components of defense system  
through codes and signals.  
Moreover it resides in smart  
Planning, effective leadership and  
mature decision making  
capabilities.
