

Women Empowerment;

Women empowerment is a multifaceted process to make women strong by giving them equal rights, decision making power.

Women empowerment makes women more stronger that women can enhance and nourish whole blood line. Women act as motherhood

Plays a primary role in making a family strong. As quoted; Man education if a man in a family is educated means an individual is educated but if a woman is educated its mean whole blood line is educated.

a Person's first education platform is wither mother's lap. If educated woman will be educated it mean whole blood line will be educated. An educated woman nourish and polish the capabilities of her breed.
