

A Thing of Beauty is a Joy Forever.

"There are two kinds of beauty; there is a beauty which God gives at birth, and withers as a flower. And there is a beauty which God grants when by His grace men are born again. That kind of beauty never vanishes but blooms eternally." quoted by Abraham Kuyper. Beauty not only means ~~or~~ ornaments or luxuries to enhance the particular moment but its a practise to exercise the natural existence for the purpose of joy. Sound mind is able to exercise the true essence of beauty that gives us soothing moment. For understanding the true relation of beauty with joy ~~too~~,

Knowing the aim of life is much important. The relation of eternal joy dates back to BLOCE when humans were given rights without any discrimination to enjoy life. The beauty of those rights is still eternal and is being practised. Beauty and Joy are the key elements in making a country prosperous in every domain like the beauty of Taj Mahal is the source of joy for Public but for country it helps to improve GDP and giving awareness for further innovations. Positive aspect of beauty with eternal joy helps the society to cherish, flourish and maintain an idle routine for centuries. Eternal joy is like a sunshine to uplift a dull society and

makes the public optimistic
for a beautiful world with
happiness and comforts of life.
Ralph Waldo Emerson keeping
in mind the optimistic view
encourages the society by saying
"Some thoughts always find us
young and keep us so. Such
a thought is the love of the
Universal and eternal beauty"
