

Precis Paper

~~Topic: Responsibility over Money / Responsibility before reward~~

It is physically impossible for an intellectual man to make money the primitive goal of his thoughts. Although money holds significance but it is not the main objective of life. Work is first while the money we make from it is important but second. A good soldier, ~~soldier~~ wishes to do his fighting well. Even if he is not paid for 10 years, still his mission would be to win battles, not to be paid for winning them. Similarly, clergymen's object is to baptize and preach. So like doctors, their object/ is to desire

cure the sick. They would rather cure their patient and lose their fee than kill him and get it. So, for all the rightly trained men their work comes first before money.

Title : Responsibility over Money /
Responsibility before reward
