

Translation Passage. #2.

If the World doesn't attract you,
If your eyes become teary of God's fear
If the vision of hell causes fear of
God in you. If you pray to God the
way it should be done, If the virtue
attracts you and prevents you from
going to the wrong path, then
you are virtuous. Some people are
virtuous, others become one.

To be virtuous is la good luck.

To become virtuous is an act of continuous
struggle. It takes time and one
has to bear pain as well.
