"A thing of joy of beauty is a joy forever."

A Mankind in this world is blessed by Allah Almighty with some natural and artificial beauties; for the purpose that they may remember me and take joy from it. For instance, people from different areas of Pakistan go for picnic to the Northern Areas, including Naran, Kaghan, Swat and many more. People also visit Murree and Malgalls hills, with their families to get entertainment and joy. Allah Almighty has blessed us with this natural beauty forever so, that we can nourish our brain, body, and eyes. Similarly, we are also blessed with fine senses through which we inherited and discovered many

artificial beautiful things  
from which we are  
entertaining ourselves — electronic  
gadgets like cell phone,  
gaming PC, laptop etc.  
are all the fruits  
of artificial inventions.

Similarly, we have invented  
cars and auto planes to  
move from one place to  
another without any  
tiredness and frustrations  
as we our ancestors  
practice in medieval ages.

This beauty of science  
is a source of joy and  
happiness in our life.

Moreover, we are also  
blessed with different  
flavours of food and  
food dishes from which  
we are taking benefit  
and joy. So, by taking  
these beautiful things

into account such as  
natural, and artificial  
beauty we and our  
inhabitants will take  
joy from it forever.
