

Comprehension

What has been lamented in the text?

Firstly, it is described that education purpose is to educate children about best professions. Children have to decide ^{about their} on the bases of their desires. Secondly, it is explained that ordinary people do not value art and only buy it to get pleasure. But the real purpose is to explore the beauty in it that mostly artists do to satisfy their spiritual desire. Ordinary people should practice it, otherwise it will be waste of life.

Difference in ordinary man and an artist?

Ordinary man does not focus the aesthetic activity

of the spirit. Ordinary man does not recognize and value ^{beauty} it, in the art of nature and others work.

Ordinary man does not satisfy the desire of spirit. On the contrary, an artist recognize his spiritual desire, explore beauty in natural relations and in others art. He depict his aesthetic beauty through his own work and satisfy his spiritual desire.

How can we make our lives beautiful and charming.

First we need to recognize our spiritual desire of the aesthetic activity, we need to exercise to explore beauty in the universal relations, we need

to value and admire beauty
in others art. In this way
we can satisfy our natural
desire and leads towards
the beautiful and charming
life.

Beauty is not an
ornament to
life.

Beauty is our spiritual
desire and it gives
us pleasure and satisfaction.
if we buy anything
it is ~~it~~ ~~is~~ ~~done~~ only for
the pleasure then it is
an ornament not an art.

~~So Beauty is actually a
desire and need of
great soul not an ornament.~~
