

## Q. Translation

If the world does not captivate you, if tears come to your eyes out of fear of Allah, if the thought of Hell instills the fear of God within you, if you worship Allah the way He ought to be worshipped, if goodness draws you in and your feet stop from walking the path of evil then you are righteous. Some people are in born righteous and some become righteous. Being righteous by nature is a matter of good fortune. Becoming righteous is a process of continuous self-purification and spiritual struggle. It takes time and one has to endure hardships along the way.
