

Women Empowerment

Women need ~~to define first what is women empowerment~~

in different aspects of life -
Politically, educationally, Economically
and even in Sports. Political

empowerment means to

give women the rights to take
decisions for themselves. A woman

~~setting in the decision making~~
~~will oppose~~
~~body~~

~~law~~ ~~posed~~ against them. They will

also take steps for the

betterment of education of

girls. Secondly, the education of

girls play an important role

in their decision making for

themselves in their life. An

educated girl do understand

good and bad. most importantly,

the upbringing of her child

needs a girl to be educated.

Thirdly, Women empowerment in

the field of economy is

necessary for their expenses.

Small businesses setup will be enough for women to beat her expenses. lastly, Sports is necessary for a healthy life for men and women. Women who does Sports are fit and healthy for a long period of time. Women empowerment for a better society in the fields of Politics, education, economic and Sports is very necessary.
