Translation Test # 1

q: Translate into English, keeping in view the idiomatic / figurative expressions.

History is full of successful people who started their journey in extremely difficult circumstances. But eventually, they became some of the world's most accomplished and well-known figures. Success, respect and fame are never handed to you on a silver platter. Even wealth doesn't just fall into your lap - unless your family left you property or riches. Still money can only buy you material things, not happiness. Sometimes, it can take a person decades to earn respect, while a single wrong moment may be enough to bring disgrace and controversy.
