The history is full of those successful people who started their lives in a very difficult situation but ended up becoming successful and famous personalities of the world. Success, honor and fame can never be achieved for free, only money can be gotten for free. But for that there is a condition that your ancestors should have properly so you can inherit ^{that money} for free. ~~Money~~ Money can only buy you ~~worldly~~ worldly stuff but not true happiness. Sometimes it takes decades for a person to earn honour but it takes merely a moment to get dishonour or a scandal.
