

Translation:-

The history is filled with such successful people who started their lives with most difficult circumstances but in later stages they were among the most successful and prominent people of the world. Success, respect and fame is not delivered to you on a silver platter; ~~only~~ you can only get wealth on a silver platter, if and only if, you ~~possess~~ possess generational wealth; then you'd get it. You can get ~~on the~~ worldly pleasures with wealth but can not get happiness. Sometimes, it takes a man ages to earn respect, but to earn disrespect or being controversial, one moment is enough.
