Translation

History is filled with successful people who started their lives under the most difficult circumstances. Yet, they went on to be among the most successful and renowned personalities in the world. Success, respect and fame are never served on a silver platter. Only wealth, is passed down in such a manner, but on the condition that your ancestors have left some inheritance, only then wealth can be acquired. Money can buy you material comforts of the world, but it cannot buy you happiness. Sometimes it takes decades for a person to gain respect while it takes only a moment to become controversial and earn disgrace.
