Translation.

History is filled with such kind of successful people who started their lives with difficult time, but they succeeded in their lives. Success, respect and popularity never give you in one plate, just only wealth give you in plate. History is replete with such successful people who began their lives in extremely difficult situations, but with time, they became successful and famous personalities. Success, respect, and fame cannot come to you on a platter; only wealth can be bestowed upon you if you have ancestral property. For this, it is also imperative that your forefathers have left you with some property, only then you can gain wealth. With wealth, you can buy worldly possessions, but you cannot buy happiness.

Sometimes, it takes many years for a person to earn respect or fame, and it takes only a moment to lose it by becoming involved in a dispute or by committing a shameful act.
