English Translation-Test 1

Avoid writing word by word translation

History has filled with such
successful peoples which started
their lives from hard circum-
stances, but later on they
included in successful and well
known personalities of the world.
Success, respect and fame is
not given to you in present, you
earn it by your hard work.

Try to be idiomatic and figurative in

in plate, but for that one
condition is necessary, it should
be with your forefathers, then
you will get it. You can
buy worldly things with wealth
but can not buy happiness.
Sometimes ^{human} men takes decades
to earn respect. To earn disrespect
or being controversial just a
moment enough.
