History is full of successful people who started their lives in the most difficult conditions but later became some of the most successful and famous people in the world. Success, honor and fame are never handed to you on a plate, only wealth can be handed to you on a plate. For this, there is a condition that your ancestors should have owned property. Only then you will get property. Money cannot buy happiness. Sometimes it takes decades to build a reputation, but it only takes a moment to lose it.
