Translation

History is full of such successful people who started off their lives with immensely difficult situations but moved on to become some of the world's successful and renowned people. Success, respect, and fame are never given to you on a silver platter, but wealth can be gained this way only if it is your generational wealth. Wealth can buy worldly pleasures but it cannot buy happiness. Sometimes it takes a person decades to earn respect, but it can take only a moment to earn humiliation or controversy.
