• Question No#01 •

Translate the passages into English.

• (B) •

Modern Technology has raised new questions related to individual freedom and human dignity with the production of feasibility in human life. In this era of digital surveillance, the every moment of citizens has been saved in any database. The governments and corporations has changed this excessive informations into such a way of power which could affects the human behaviours. If this situation is not controlled by proper legal and social restrictions then the freedom of future human will just a deception.

ate: _____

- ~~(A)~~ -

When the powerful economies of the world has made the global commercial system according to their interests the economic independence just become the dream of developing countries. International economic organizations put such interests for loans that push the debted countries towards further dependence rather than sustainable development. This system gave rise to new system where countries fought with interests, currency and tariffs, not with weapons.
