Renewable energy: A new era of deception

In today's era, the renewable energy resources have become an antidote to the harms that were caused by fossil fuels. But, there is other side to the story, while these renewable energy sources claims "zero emission", but, the mining of earth for the extraction of minerals for these solar panels and wind turbines poses another threat. The mining of cobalt, lithium and other rare earth minerals is are ruining earth. Electric vehicles, while not emitting CO₂ directly, but the manufacturing of its batteries emit huge amounts of CO₂. The blades into ~~solar panels~~ ^{wind turbines} are not recyclable & the solar panels after its expiry adds to the ecological waste. The production & maintenance of its components are dependent on transport which uses fossil fuel. The renewable energy, green energy is another way for businessman to make money and a new facade of industrial revolution.

Comprehension:

1. ~~Eng~~ Newcastle was famous for supply of coal. Timothy rivals advised him to do so to make fun of him and to earn a loss in

DAY: _____

Business. But luckily, the ^{production} supply of coal erupted due to some issue in mines and thereby not only sold whole cargo of coal, but earned a massive profit on it.

iii- The author says that some times it is good to be overlooked because it can keep you away from evil eyes.

iv- It indicates that one is not obliged to follow already set rules, he can do things out of the box as well.

Translation:

If an urdu professor claims that he can comprehend the poetry of Ghalib quite well and can impress others by having deep conversations about it, then, he indeed is intelligent. But, if asked to say atleast one verse of poetry like that of Ghalib, he would be unable to do that. Because comprehension and creativity are two different elements. Creativity is only God gifted, while intellectual skills can be developed. Ghalib could get to become a famous poet due to the faculties that were God gifted. which is why his poetry is as impactful as it used to be back in the days.
