## Question: 2 :

### Precis

**Title :** The Deception of Green Energy  
Renewable Energy: Unseen  
Repercussions on the planet

04/20

Renewable energy has considered as humanity's salvation. **Avoid cutting** Activists termed buzzed carbon neutrality and net zero making them pinky promise. The over stress on solar panels, wind turbines and electric vehicles bear expenses. Likewise green technology requires massive rare-earth minerals, cobalt and lithium for smooth function. Areas like Chile, Congo and China removed irrigated lands to find sustainable materials. Human's addiction, moreover, towards green tech has pivoted environmentalism into commercialized entity - then enlightenment. The true pathway to sustainability lies in demand restraint, efficiency and systematic humility.

## Translation

3/10

Attempt in idiomatic and proverbial manner

Focus on grammar please

Do not attempt word by word

If a professor of Urdu  
vows that he can fully comprehend  
the writings of Ghalib and  
can shed a light on his poetry  
writes, he is confident of his  
work and studies. But when he  
is asked to write a single verse  
poetry of Ghalib, he will blink.  
It is because comprehension  
and observation are contradictory  
to each other. Comprehension  
is a product of intelligence while  
observation is comes from depths.  
knowledge and critical thinking.  
Whatever titles <sup>are</sup> given to Ghalib  
<sup>not</sup> due to his unconditional  
hardships but his extra-ordinary  
intelligence, observations and  
god-gifted talent.
