Q 7. Translate the following into English.

Sentence Structure

If any Urdu professor claims that he fully understand the Ghalib's work and he can competely talk on his artistic qualities by creating that idea, Then no doubt he is showing his intellectual capabilities but if it is demanded to him, that to recite a poetry like Ghalib, he would be unable to do so. Because understanding and creation are two different word. Understanding is the product of mind while creation is the result of intuition and insight. The status that Ghalib had is not only due to study and struggle but is the grant of unique intelligence, sense and god giftedness. This is the reason that

Attempt in idiomatic and proverbial manner

profitable success was the
protest over coal related issue due
to that at that time no coal was
available there and his sudden
visit there turned beneficial for
him.

3- The author implies about the relation-
ship between luck and intelligence
in Timothy Dexter's success in this
paragraph that both luck and
intelligence are interlinked, for
great success it does not mean you
need to be very intelligent and
educated but by confidence and
believe you can achieve success.
By taking a step and believe on

it can transform that process into the fortune.

4. Dexter's repeated success in turning mockery into profit challenges conventional ideas about wisdom and education because success is about taking step and act without the fear of result with full confidence and faith. One can change his fortune. Most of the people underestimate their abilities by thinking that they are not intelligent enough and result at doing nothing. So, by Dexter's repeated success we can understand that having confidence in your capabilities can bring fortune that overshadow the traditional concept regarding success.

5. Dexter's The idea about human perception of "foolishness" and "genius" from the way Dexter's rivals reacted to his achievements that human thinks that people think that a fool cannot be successful and by their vile tactics they can damage their success and only a genius can be successful but his luck supported him and he gained fortune from the spoil plan and it turned them out of words and in shocked by his success.

The Deception of Green Energy

Topic: Hidden | horrors of Renewable
Energy

04/20

Overall understanding the idea is ok

Title needs improvement.

Work on Grammar, Spellings and Sentence Structure

The public perception that the renewable energy is a better alternative to non-renewable energy for the clean environment is wrong. Because deep-down the reality is different. The renewable shift often hides its cost and its hazardous impacts on the environment. The making of electric vehicles, winds and solar panels itself required and burned a lot of fuel and its waste is also dangerous for the environment. In reality, the problem is not with technology propaganda but with the human's blind following. People in struggle for clean environment through renewable sources, in reality, just adopting a new form of exploiting environment.
