he is showing his educational Capabilities. But he would remained stagnant if he asked to say one line as that of Ghalib. It is because understanding <sup>intuition</sup> and Creativity are two different things. Understanding is based on rationality while Creativity results from spirituality and revelation. The stage which Ghalib has acquired could not only <sup>be</sup> of research and hardwork but an unconventional intelligence, sympathy and demonstration of divine ability. That is the reason that his sayings affects the hearts after centuries as they were in his time.
