Overall understanding the idea is ok
 Title needs improvement
 Grammar is ok

Renewable energy has become an alternative to fossil fuel, promising net-zero carbon emissions. Many consider it a blessing for planetary healing but it raises the environmental concerns. The clean technologies like solar, wind and electric vehicles have high cost demanding more rare-earth minerals, fueling ecological issues in developing countries. Moreover, the carbon emission of batteries of electric vehicles has more combustion than traditional motor engines, raising lifespan issue. Despite operating clean energy, the wind and solar farm have ecological concern regarding their production, maintenance and infrastructure, assuming misleading claim. Therefore, these technological advancements have arisen more concern for making marketing enterprise rather than clean energy, hurting planet in different ways.

Ans 3c

The rivals of Timothy Dexter decided to humiliate him, so they advised him to ship coal to Newcastle where he would lose everything.

Ans 3c

When Timothy Dexter shifted his ship toward England, there were shortage of coal. Because of this shortage, he sold his entire cargo with heavy profit.

Ans 3c

The author implies that Timothy Dexter's success was largely because of luck, rather than his intelligence. His bizarre decisions, which were perceived as foolish, turn out to be profitable due to unforeseen circumstances, showing the role of luck in success.

Q.3

Ans 1

Dexter's success challenges the conventional ideas that business wisdom and education are important for success. His lack of ~~formal~~ education and ~~big~~ big ~~gave~~ gave decisions, which were looking mocked, turned out to be profitable, suggesting that ~~unconventional~~ unconventional thinking and luck can sometimes lead to success.

Ans 2

The way Dexter's rivals suggests that human perception of foolishness, and genius can be flawed. Before Dexter's success, ~~everyone~~ everyone considered him a fool, but after his success, they thought that they were wrong. This underscores that people often misjudge others based on limited information and that success can redefine how others perceive someone's abilities.
