Title: 1- ~~Renewable Energy is ruining the environment rather than healing it.~~ write more meaningful phrases please
2- ~~Green energy does not reinforce healthy environment.~~

People think that ~~renewable energy is~~ the best substitute to fossil fuels and it promotes healthy environment where the state promotes 'green' slogans. Use your own words (do not copy long sentences from the passage). Keep it concise - usually one-third of the original length. Maintain the tone (serious, humorous, scientific, etc.) Use a suitable title (short and meaningful). Write in the third person and past tense, unless the original is timeless. Ensure clarity and coherence - it should read like a complete piece. Revise for grammar, length, and accuracy.

for the pursuit of sustainable development. The environment pays a huge cost for the manufactures of green energy as their access, production process, maintenance and infrastructure result in more carbon emissions, Besides besides contributing to the toxic wastage and pollution. The sustainability requires efficiency & systematic humility rather than fabricating 'Green' labels which have transformed true environmentalism into materialism. It is sure that green energy efforts is not healing the environment but rather ruining it behind the sophistry of progress. (words - 130)
