The Deception of Green Energy

## Title: The Moral Hypocrisy of Modern Environmentalism

Write Question No.

04/20

Work on understanding  
and sentence structure, Spellings

In human imaginations renewable energy is treated as sacred, perfect, or beyond criticism. Environmental and Political actors treat carbon neutrality and net zero as sacred solution to climate change. The green Planet itself is hypocritical term. Solar energy sources depend on rare earth minerals, and energy mining that destroy ecosystem and create waste. One environmental crisis is the cause of another one. Electric vehicles are good for vehicles but they are causing pollution. It is the cause of creation of waste. Wind and solar farms are clean energy resources. Turbine blades are less plutonium than solar panels. The real failure is moral, not technological. The human obsession with slogans have turned the environment in marketing. Renewable

is the production of wisdom,  
while creation is the result of  
revelation. Ghalib's success is not  
the matter of hardwork but it  
was the matter of God's ability.  
It is the reason that his poetry  
is effective in present time as  
it was effective during his  
life.
