The Deception of Green Energy

06/20

Q2 Renewable Energy: A deception for planet

In people's view, renewable energy is an alternative to fossil-fueled past. Using the carbon neutrality agenda as oath for

planet's health. But this glittery promise is pushing the planet into fire. Glorifying the alternatives and hiding their original cost.

They are costing world's poor regions lives.

Above all every encountering crisis called the new one. Developing models to save the

ecosystem but their production charging more damage to the ecosystem then the benefit. After usage their disposition as

waste is nearly catastrophic. The curtain of progress is covering all the planet damaging processes underneath. The further planet helps

are yielding more toxicity for it. And still

these projects to show themselves environment friendly are dependent upon old evil enemy of the planet, showing an ~~angel~~ devil

guised as an angel. Advancement in technology is not its responsible the

Precis should be one 3rd of original passage

Your passage reflect the original idea

Don't take direct sentences from the passage

It is not the narration do precis

Title should be self-defining and self-explanatory to the passage

Make a Precis in Single Passage

Always write in third person

real culprits are those ruthless hearts who sold people's health. The real
