Title

The Deception of Green Energy

The Cost of Revolution

04/20

Focus on clarity, logical flow and Avoid disjointed sentences

Write clear and short sentences

Avoid complicated sentences

Follow the order of precis's original passage

Bring cohesion in your sentences

Misinterpretation

Renewable energy is widely

celebrated as humanity's

moral from the fossil fuel

Technologies like solar panels,

wind turbines, and electric

vehicles requires rare-earth

minerals: cobalt, and lithium,

for mining process; particularly

in poor regions. Electric vehicles

batteries are manufactured as

eco-friendly but have limited

lifetime, create a serious

waste and cannot be recycled

likewise, solar infrastructure

depend on non-recyclable

material and fossil fuel for

manufacturing and maintenance

undermining the "zero emission"

myth. Ultimately, humanity's

pursuit of sustainability has

become a commercialized

rather than a genuine ethical

transformation. True environmental

responsibility requires no deviation

efficiency and humility not

another round industrial

revolution bigressed at progress.

Precis should be one 3rd of original passage

Your passage reflect the original idea

Don't take direct sentences from the passage

It is not the narration do precis Ghazi Papers

Title should be self-defining and self-explanatory to the passage

Make a Precis in Single Passage

Always write in third person

In comprehension answer each question comprehensively

Do not be irrelevant in your answer

Please enhance length of each answer

Day: _____

07/20

Read the passage carefully

Question 3

1. why did Timothy Dexter's rivals advise him to ship coal to Newcastle and what was the intended outcome of his suggestion?

Ans Timothy Dexter's rivals were ~~decided to humiliat~~ fixed of his success that why they suggest him to ship coal to Newcastle because England, city Newcastle was famous for bit coal supply. The intended outcome of his suggestion is when his ship reached to England a miners strike stopped the local production of coal, creating a sudden shortage. Then, Dexter sold his entire cargo for a massive profit.

2. what unexpected event in England transformed Dexter's apparently foolish coal venture into a profitable success?

Ans A miners strike which stopped the local production of coal, creating a shortage. Strike event transformed Dexter's apparently foolish coal venture into a profitable success.

Ans 3:

The author implies that Dexter's success was a mix of luck and intelligence. While his decision appeared foolish, fortunate circumstance turned his decision into a smart outcome, suggesting that success sometimes depends on luck as well as on cleverness.

Ans 4: Dexter's repeated ability to profit from ideas opposed to

Sentence Structure ridicule him challenges the conventional belief that business success requires formal education. His story shows that risk-taking and a bit of luck can sometimes perform better than formal education.

Ans 5: The visual's reaction shows that people often confuse unconventional thinking with foolishness. Dexter's achievement reveals that what seems foolish to some may actually be a form of genius, highlighting how human perception can be clouded by prejudice and envy.

Question: 4

0
