Title: Love for Humanity

Indent the paragraph.

Abu Ben Adhem ^{woke up and} saw an angel

writing on a golden book at night.

He asked the angel what he was writing.

He asked about his name included in

this book. Angel ^{replied with a no} negated him so Abu

requested to record name as his

followman. The next night, Abu's

name was at the top.

Too brief. Important ideas missed.
