Lost Wholeness in Modern Intellectual Culture

(i) The Importance of General Knowledge

05/20

Overall understanding the idea is ok
Title needs improvement
Grammar is ok.

The modern expert has created more difficulties in citizens life. They do not aware about general knowledge. Therefore, They can't solve complex general issues. ~~The~~ Economist, scientist, Psychologist, biologist and technologist can't solve general issues but they provide benefits in their specific fields. However, general knowledge and general training is necessary to solve the contemporary issues. Overall dependence on experts make human passive. So, writer does not reject specialized knowledge but it should be used in specific category. Consequently, general knowledge should be compulsory in all educational institutions because common citizens can get

Comprehension

Q No 1:

The fundamental error does the author identify in the popular understanding of tradition and progress that progress and tradition are opposite to each other. Tradition restricts to individuals towards innovations, creations and productivity. The main misconception between the both is the both are anti-thesis to each other. Thus, tradition is against modern achievement and progress.

Q No 2:

The author uses ^{and uses} European Renaissance example, and ancestors ~~as~~ example ~~to~~ against the concept of progress requires abandoning the past. In this examples, author argues that past is not separate from present achievements and development. In conclusion, Some time Past ^{moment} encourages to new generation towards development and innovation.

Q No 3:

The writer describes the

tradition term "a living conservation across generation" in which writer classifies that traditional activities provided a way to new generations that they can achieve success in present and future. writer counters the argument that traditions "a static repository of dead customs. Thus tradition is not a dead convention but it plays an important role for development

Q NO 4:

According to passage, the paradox which exists in modern search for meaning might be achieved through specific method and technique together with political struggle as well as traditional values. These methods might be fruitful to identify to purpose. Therefore, the modern society must be used it because these paradox can develop the modern society.

Q NO 5:

The writer argues that traditions play important role in

development of new generation, but it is necessary that the traditional values should be fruitful rather than harmful. The distinction between the both is necessary that harmful customs and tradition could not be used in present time and ^{it must be} completely eliminated.
