The Year 2025 - Turning Point for Pakistan

Thesis Statement:

Pakistan has emerged successful in political, economic, social, and diplomatic progress at both regional and international levels.

It has successfully asserted its position as a regional and global player on the international stage. However, the country needs to translate

these successes at home by ensuring the well-being of all its citizens inclusively.

Does not address the topic, it highlights the achievements of the country but doesn't relate them to the year 2025. Your topic is not what Pakistan has achieved so far but how the year was a turning point for Pakistan. Focus on the keywords given in the topic. They MUST be used in the thesis statement.

Outline:
