The Limits of Specialization

## Expertise: the Fragmentation of Knowledge

07/20 ✓

Overall understanding the idea is ok  
Title needs improvement.  
Grammar is ok.

In the contemporary world, expertise is given the utmost importance. This has created contradictions in life. Knowledge is becoming specialized day by day, making mankind unable to tackle even simple problems.

People consult experts for solving their issues. However they forget that being an expert does not a person have holistic wisdom of life. A specialist perceives the world through the narrow lens of his field. For instance, an economist sees humans as people who want to maximize their profits. While it might be true, there is more to people. Such fragmentation of knowledge becomes

Literature begins, it should be understood that that nation is going to face its consequences. Unfortunately, today's literature has degenerated and is controlled by the elites. When an author writes dishonestly for money, he in fact also sells his conscience. A true writer is one who writes the truth and opposes injustice even if he has to make sacrifices for that. However, in the contemporary era, such writers do not exist. Most authors are servile and they try to flatter the ones in power. This is a dishonesty with literature and treachery against the nation.
