QUESTION — 1

How the 26th and 27th amendments ?

26th AND 27th AMENDMENTS TO THE CONSTITUTION OF PAKISTAN ALTER THE POLITICAL LANDSCAPE —

The 26th and 27th constitutional amendments have altered the political landscape by restructuring the judicial system and snatched their independence. They have  also strengthened the control of executive over the judiciary which has grasped the independence of judiciary system.

Effect of 26th Amendment on Political Landscape —

The effect of 26th amendment on political landscape are given below —

1. Reduced Judicial Activism —

It curtailed the power of judiciary ability to intervene in political and administrative matters. It has greater stability for elected governments but concerns over reduced checks and balances.

2. Strengthening Parliamentary Sovereignty —

It reinforces the Parliament as supreme law making body. It has also reduced the judiciary's role in

add and highlight references/examples against these arguments.....

Day: _____

questioning political decisions due to which it shifts power toward elected government.

3. Controversy Over Judiciary Independence—

It critics argue over weakening the separation of powers. It may undermine the public confidence in judicial neutrality.  The political polarization between legal institutions and political actors.

4. Snatching Sou-Moto Power—

The sou-moto power of supreme court was snatched in which it is the prerogative of supreme court to initiate the case but after 26th amendment this

was also snatched from
the judiciary.

Effect of 27th Amendment on Political Landscape —

1. Electoral Restructuring —

It alters electoral processes to improve administrative efficiency. It may effect constituency boundaries or election schedules. It changes parties strategies or election alliances.

2. Regional Political Dynamics —

It could enhance representation of marginalised areas. It influences federal provincial power relations due to which it encourages regional parties and reshapes national coalitions.

3. Shift in Power Balance:-

It also changes the theory of separation of power after making Federal constitution courts in which the judges will be appointed by executive and they will hear the constitutional interpretation related cases.

4. Repurcussions On Democracy:-

The faster decision making, reduced institutional deadlock and greater policy continuity is enhanced. But the risk of authoritarian tendencies, weekend judicial oversight and public trust challenges have also become challenge.
